Here are a couple of pictures from the Nursing Project in Bani, Dominican Republic. 30 nurses traveled April 27th, half to San Jose de Ocoa, and I and the other half to Bani. The heat and humidity made comfort an impossible goal, no air-conditioning, frequent hydro blackouts, and sometimes no water. Clean water was almost impossible to find, other than bottled water. We found the poverty and poor medical conditions disturbing. The people were gracious, friendly, and very appreciative of the nursing care we provided. Vitamins, medications for hypertension, parasites, coughs, skin rashes, and other assorted health needs were dispensed by the Canadian Nurses. The gracious people of the Bani area made us forget the heat, humidity, hard work, long hours, dirt, and poverty. It was an experience that could only be described as 'soul-changing'. It was a success because the businesses, clubs, and private citizens of Gravenhurst, Washago, and Orillia responded so generously when asked to assist with this project.

Lion Carol Keith playing with one of her little patients whom I was told was a real charmer.

Lion Carol giving loving care to another patient only this one is a doll with the worried mommy looking on.

Now it is time for lunch, and these cuties seem to be enjoying it very much.

Lion Carol and the group of Nurses who went to the Dominican to help the people in different areas of the country.
